Pinson Mounds, one of two state archaeological parks, is a special park set aside to protect the prehistoric remains found there. Managed by the Tennessee Department of Environment and Conservation's Division of State Parks, the Pinson Mounds grouping consists of at least 15 earthen mounds, a geometric enclosure, habitation areas and related earthworks in an area that incorporates almost 1,200 acres.

Pinson Mounds is a National Historic Landmark and is listed on the National Register of Historic Places. The Tennessee State Antiquities Act protects the site. Therefore, no unauth- orized digging or collecting of any kind is permitted on the site. To prevent damage to archaeological areas, no off-road motorized vehicles may be used in the park.

The programs at Pinson Mounds combine mystery and history together. The programs utilize historical data to enrich and stimulate the audience. Interaction with the group and the guide are the key to a program's success.

Pinson Mounds is located off U.S. Hwy. 45. From Jackson, TN follow Hwy. 45 S. to Pinson, TN. Turn left at the park sign, St. Rt. 197 and then follow  signs 2.5 miles to entrance.

Access Fees may apply. Call park for details.
